Dear Ladies and Gentlemen,

In September 2017 we had the chance to attend the Medical Expert Training in Laparoscopic Colposacropexy and Myomectomy in Barcelona, Spain with Dr. Pere N. Barri-Soldevila as the Course Director. We were impressed with the systematic approach of Dr. Barri-Soldevila in conducting the training, as well as with his precision in demonstrating the procedures. We would like to assure you that it was one of the most beneficial and useful training courses we have attended so far. After that we were able to introduce colposacropexy in Trakia Hospital and in the past 3 years we have performed more than 180 procedures.

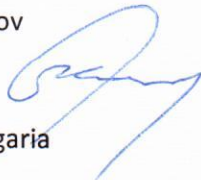

Herewith we would like to express our gratitude to Dr. Pere N. Barri-Soldevila for sharing his expertise with us back in 2017. We would like to also thank OLYMPUS EUROPA and INFOMED for organizing the training and for making our participation possible. We appreciate their support very much.

Best regards,
